Timothy M. Brennan
Alliance Source Testing, LLC
18828 Highway 65
Bakersfield, California 93308
tim.brennan@alliancetg.com

Dear Timothy Brennan:

On January 17, 2024, I signed Executive Order I-24-001, which approved Alliance Source Testing LLC to conduct testing using certain California Air Resources Board (CARB) and U.S. Environmental Protection Agency test methods. We found that the approval did not include two test methods. Therefore, we are superseding Executive Order I-24-001 by issuing Executive Order I-24-002. The latter will extend CARB's approval, for Alliance Source Testing LLC to perform CARB Test Methods 1, 2, 3, 4, 5, 6, 8, 17, 20, 100 (CO, CO₂, NO_x, O₂, SO₂, THC), U.S. Environmental Protection Agency Test Methods 18, 201A, 202 and 205. These approvals are valid through June 30, 2024, so that you can complete the Full Renewal Audit.

If you have questions or need further assistance, please contact the [Independent Contractor Program](#)¹.

Sincerely,

Walter Ham Digitally signed by Walter Ham
